

As an Indiana resident I am very happy with Indiana's "Do Not Call" law and do not wish to see some outside banking interests (Consumer Bankers Association) dictate how Indiana's law should be modified to suit their requirements.

I do not wish to be bothered by banks I may have dealt with only once in 18 months. Our (Indiana) "Do Not Call" statute works very well. I haven't received more than one or two unsolicited calls in the last four months, and I would like things to stay that way!
